November 18, 2014

Otto Langer  
President, VAPOR Society  
6911 Dusany Place  
Richmond, BC V7C 4N8

Dear Mr. Langer:

**Re: VAPOR Society – Update on the Vancouver Airport Fuel Facilities Corporation’s Judicial Review**

This is to advise that Richmond City Council, at its Special meeting held on Monday, November 17, 2014, considered the above matter and adopted the following resolution:

- (1) That Richmond City Council remains opposed to the transport of jet fuel on the Fraser River and supports the intent of the VAPOR / Otto Langer Judicial Review case to have the Environmental Certificate quashed so that the VAFFC is required to adopt an environmentally friendly and socially safer mode of transport for jet fuel to YVR;*
- (2) That Richmond City Council agrees that the environmental review process as conducted by the BC Environmental Assessment Office and Port Metro Vancouver was not fair, not transparent, and did not properly consult with the public nor address the concerns of the City; and*
- (3) That a letter of support reflecting the above principles be provided to VAPOR.*

If you have any questions on this matter, please feel free to contact Robert Gonzalez, General Manager, Engineering & Public Works, at 604-276-4150

Yours truly,

Malcolm D. Brodie  
Mayor
